

HOLT COUNTY SENTINEL.
FRIDAY, JUNE 19, 1868.
REPUBLICAN NATIONAL COM-
MITTEE.

Organization for the Coming Cam-
paign—Officers Elected.

Just before the adjournment of the Re-
publican National Convention the roll of
States was called and each delegate an-
nounced its appointment as a member to
form one of the Republican National
Executive Committee. The following is a
complete and correct list of the Com-
mittee:

Alabama—James P. Stowe.
Arkansas—Benjamin F. Rice.
California—George C. Gorham.
Connecticut—Henry H. Starkweather.
Delaware—Edward G. Bradford.
Florida—S. B. Conover.
Georgia—J. H. Caldwell.
Illinois—J. Russell Jones.
Indiana—Cyrus M. Allen.
Iowa—Joshua Tracy.
Kansas—John A. Martin.
Kentucky—Allen A. Burton.
Louisiana—M. A. Southworth.
Maine—Lewis Barker.
Maryland—Charles C. Fulton.
Massachusetts—William Claflin.
Michigan—Marshall Giddings.
Minnesota—John T. Averill.
Mississippi—A. C. Clark.
Missouri—Benjamin F. Loan.
Nebraska—E. B. Taylor.
Nevada—Charles E. DeLong.
New Hampshire—Wm. E. Chandler.
New Jersey—James Gosnell.
New York—Horace Greeley.
North Carolina—W. Sloan.
Ohio—Benjamin Rush Conner.
Oregon—Henry W. Corbett.
Pennsylvania—Wm. H. Kemble.
Rhode Island—Lyman B. Frazier.
South Carolina—Jonathan H. Jenks.
Tennessee—William B. Stokes.
Texas—Andrew J. Hamilton.
Vermont—Trenor W. Parks.
Virginia—Franklin Sterns.
West Virginia—Samuel D. Kams.
Wisconsin—David Atwood.
Colorado—Daniel Witter.
Idaho—Newton Edmonds.
Montana—J. C. Hendy.
Dist. of Columbia—Stiles J. Bowen.
Messrs. Claflin, Messrs. Giddings, of
Michigan; Greeley, of N. Y.; Starkweather,
of Conn.; Cowen, of Ohio; Edmonds, of
Idaho; and Bowen, of D. C., were mem-
bers of the last National Committee.

The Committee met at the Tremont
House and elected the following officers:
Chairman—Lieut. Gov. Wm. Claflin,
of Massachusetts.
Secretary—W. E. Chandler, of N. H.
Executive Committee—Wm. Claflin,
of Massachusetts; Horace Greeley, of
New York; T. W. Chandler, of Vermont;
Marshall Giddings, of Michigan; Wm. H.
Kemble, of Pennsylvania; B. R. Cowen,
of Ohio; Henry H. Starkweather, of Con-
necticut; J. Russell Jones, of Illinois; E.
B. Taylor, of Nebraska; Cyrus M. Allen,
of Indiana; M. A. Southworth, of Louisi-
ana; J. H. Caldwell, of Georgia; B. F.
Rice, of Arkansas; Geo. C. Gorham, of
California; Charles E. DeLong, of Neva-
da; Lieut. Governor Claflin, of Mass., is
Chairman, and W. E. Chandler the Sec-
retary of the Committee. The first seven
names constitute the Central Committee,
with headquarters at New York city.
The next three names compose the West-
ern Committee, with headquarters at
Chicago; and the last five names com-
pose the Southern Committee, with head-
quarters at Atlanta, Ga.

NEGRO SUFFRAGE.

While standing on the street the other
day, we heard one of the leading dem-
ocrats of our county ask a farmer look-
ing individual, if he could stand "Nig-
ger Suffrage."

The answer given struck our mind as
rather pitiful, and we imagined pretty
convincing to all who are not governed by
blind prejudice:

"See here, you are always throw-
ing up 'nigger' suffrage, n-g-g-e-r-
s-u-f-f-r-a-g-e, just as though that would
scare me. You say they are ignorant, and
don't know nothing. If so, you ought
to vote for it yourself. Why, you, your
party is a mass of ignorance and stupid-
ity, and the two could jibe so nicely—I
wonder you have not pitched in long ago.
You say they are 'niggers,' well, if the dem-
ocratic party don't smell of everything
corrupt and nauseating, I'm no judge of
the feelings and expressions of the peo-
ple. To me the smell of the nigger is
like roses compared to stench—brimston-
y in its character of the present dem-
ocratic party. Now, there is no use of
talking. We hard working farmers
have begun to think this matter over,
and come to the conclusion that the
quicker we devote our party to their
principal argument, the better it will be
for us. Years ago you was opposed to
the abolition of slavery; well, she's abo-
litioned, and our country is a heap more
prosperous than it used to be. If nig-
ger voting acts the same way, I say let
her come; for what you said would be
the case, we found the opposite; so I
think there's good reason to believe we'll
find you just as much mistaken now as
then. No, I'm going to vote for Grant,
the sucker—for Colfax, the hoosier, and
the whole Radical ticket, cause why?
Grant has proved true when such dem-
ocrats as McClellan and Buell only con-
tinued the war to benefit the democracy,
and make us pay taxes. So I go for
Grant any how.

I'll vote for the nigger to vote, 'cause
I believe him more entitled to than such
rebels that met in your mass convention
the other day, who kept me skulking in
the woods to save my tanned old neck,
and the fact is if the democratic party
has got so low that it has to be held up
by rebels and traitors, I can't go it, and
wont. How do you like it 'sweetened'?"
—[Maryville Journal.]

We sympathize sincerely with the De-
mocracy in their troubles. Up to this
date they have not decided whether to
nominate a Republican or a Democrat
for President; whether they will stand
on the platform of gold or greenbacks;
whether their battle-cries will be "Uni-
versal Suffrage" or "A White Man's
Government." Of course, Democratic
principles are immutable—when they de-
cide what they are.—[Tribune.]

A SUMMER.
415 North Fifth—ST. LOUIS, MO.

LOTIO, LOTIO, LOTIO,
LOTIO, LOTIO,
Lotio, Lotio, Lotio,
LOTIO, LOTIO.

The classic poets have sung to us of a spring whose
ethereal waters impart perpetual youth and beauty
to all who drink of them. It is now conceded
by all that the magical effects of the

Lotio

far surpasses those produced by the waters of that fa-
mous spring.

Lawyers, doctors, statesmen, whose heads were
bald, have said it was constitutional, or rather her-
editary. Let us say a word as to the extraordinary
benefits without entering into an extended argu-
ment. The brain is the machine that runs the human sys-
tem, and where will-power—as the phrenologists
call it—or firmness, together with a large amount
of brain, are both largely developed, this character
does not let the world move him; he moves the
world. If a merchant, his feet are planted on the
five continents of the globe; if his business is to
manage the affairs of a nation, he finds new and
undiscovered worlds for investigation; if he is a
poet, drags all the horrors or subtleties of the
imagination in rhyme before your vision. Such men
never have a day's sickness, and the fever that
the tomb, still there, is always a slumbering fire,
kept alive by the action of the brain, and unless the
person uses

Lotio

to keep the hair healthy he is certain to become bald,
and the first success is achieved.

Lawyer, doctor, statesman, merchant, banker, etc.,
has given every moment of his time and thoughts
to his profession and not once thought of his hair.
On the other hand, if the man's development does
not prompt him to be first in the world's drama,
but rather remains at the tail-end of every thing, such
men are never bald, without brain fever or some
other prostrating sickness brings the hair out, and
the two characters described are found in almost ev-
ery family—the children of one father. Is baldness
then hereditary? Chemists have prepared articles
for the hair until they would make you think that
like the chameleon change its color and name and
nothing else.

Lotio

Object was to create something which should last
forever. The first success is achieved.

The second, the discovery of a vegetable compound,
whose natural color would play the fever of the
overworked brain, and thousands can testify that the

Lotio

is just the thing. If the head is covered with dan-
der, something is wrong with the roots of the hair.
If the hair is turning gray it needs doctoring.

Christy's Hair Lotio

will restore that which has turned gray to its origi-
nal color. After which, if the Lotio is only applied
once a week, the hair will remain healthy and re-
tain its natural color until death. If your hair is
harsh, dry, and falling out, this is the time to pre-
vent baldness, stop your hair from falling out.

Prof. Christy's Hair Lotio will actually
do it.

Ask any one who has used it for satisfactory in-
formation.

If you are bald use the HAIR LOTIO, we can re-
store to you who, a short time ago, were bald, at
the present it is impossible to find a bald spot on
their heads.

AYER'S
HAIR VIGOR.

For the Renovation of the Hair.

The Great Desideratum of the Age!

A DRESSING which is at
once agreeable, healthy
and effectual for preserv-
ing the hair. Baldness or
gray hair is soon restored to
its original color and the
freshness of youth.
Thin hair is thickened, fall-
ing hair checked, and bald-
ness often, though not al-
ways, cured by its use.
Nothing can restore the hair
where the follicles are de-
stroyed or the glands atro-
phied and decayed, but such
cases remain can be saved
for usefulness by this application. Instead of
fouling the hair with a greasy sediment, it will keep it
clean and vigorous. Its occasional use will pre-
vent the hair from turning gray or falling out, and
consequently prevent baldness. Free from those
bristling bristles which make such preparations
dangerous and injurious to the hair, the Vigor
can only benefit but not harm it. If wanted merely
for a

HAIR DRESSING.

Nothing else can be found so desirable. Containing
neither oil nor dye, it does not soil white cambric,
and yet lasts longer on the hair, giving it a rich,
glorious lustre and a grateful perfume.

SHAW'S PATENT CARBON INK.

THE BEST AND CHEAPEST INK IN THE WORLD.
It is permanent, Black, Indestructible and Imperish-
able. There is no chemical by which it can be re-
moved, erased or extracted, without destroying the
paper upon which it is written, and cannot be injured
by any lapse of time. It does not contain acid or
any other deleterious substance which would in the
long run corrode or in any way injure the pen. In fact,
to parties using steel pens it will save twice its cost
in pens. A pen might lay in this ink for one year
without even removing its point, and would come
out as good and bright as ever. This quality ought
to bring it into universal use, but taken in connec-
tion with its other superior qualities and low price,
the manufacturer anticipates immense sales as soon
as its qualities are known. Put up in liquid form in
Faint and Half-Pint Bottles and in Cans. Also
also in powder or granulated form, in Gallon, half-

WILLIAMS' PINK PILLS

DEALERS IN

CATHARTIC PILLS

OPERATE by their powerful influence on the
internal viscera to purify the blood and stimu-
late it into healthy action. They remove the
obstructions of the stomach, bowels, liver, and other
organs of the body, and, by restoring their regular
action to health, correct, wherever they exist, such
derangements as are the first cause of disease.
An extensive trial of their virtues, by Physicians,
Physicians, and Patients, has shown cures of dan-
gerous diseases almost beyond belief, were they not
substantiated by persons of such exalted position
and character as to forbid the suspicion of emul-
tation. Their certificates are published in my American
Almanac, which the Agents below named are
pleased to furnish free of all cost.

Amended and given Directions for their use in the
complaints which they have been found to cure.

FOR CONSTIPATION.—Take one or two Pills, or
such quantity as to gently move the bowels. Con-
stipation is frequently the consequence of
Pills, and the cure of one complaint is the cure
of both. No person can feel well while under a
constrictive habit of body. Hence it should be, as it
can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause
of Constipation, and always uncomfortable, take mild
Pills, and smaller doses frequently. They will
and live into healthy action. They will do it, and
the Acetum, Acetum, and Acetum of dyspepsia
will rapidly disappear. When it has gone, don't
forget what cured you, and give Directions for their use in the
complaints which they have been found to cure.

FOR COLEMAN'S, or Morbid Function of the
Bowel, which produces general depression of the
spirits and bad health, take four or eight Pills
at first, and smaller doses frequently, until the
strength is restored to the system.

FOR NEURALGIA, RICK HEADACHE, NAUSEA,
Pain in the Stomach, Back, or Side, take from four
to eight Pills on going to bed. If they do not op-
erate sufficiently, take more the next day until they
do. These complaints will be swept out from the
system. Don't wear these and their kindred dis-
orders because you are a doctor.

FOR SCURVY, RHEUMATISM, and all Diseases
of the Skin, take the Pills freely and frequently,
to keep the bowels open. The eruptions will gen-
erally soon begin to diminish and disappear. For these
dreadful ulcers and sores have been healed up by
the purging and purifying effect of these Pills, and
some disgusting diseases which seemed to saturate
the whole system have completely yielded to their
influence, leaving the sufferer in perfect health.

Patients! your duty to society forbids that you
should parade yourself around the world covered
with pimples, blotches, ulcers, sores, and all of
the unclean diseases of the skin, because your
system wants cleansing.

To PURIFY THE BLOOD, they are the best medi-
cine ever discovered. They should be taken freely
and frequently, and the impurities which sow the
seeds of incurable diseases will be swept out of the
system like chaff before the wind. By this property
they do as much good in preventing sickness as by
the remarkable cures which they are making every
where.

LIVER COMPLAINT, JAUNDICE, and all Bilious
Affections arise from the derangement of the
torpidity, congestion, or obstructions of the Liver.
Torpidity and congestion vitiate the bile and render
it unfit for digestion. This is disastrous to the
health, and the constitution is frequently under-
mined by no other cause. Indigestion is the sym-
ptom. Obstruction of the duct which empties the
bile into the stomach causes the bile to overflow
into the blood. This produces jaundice, with a
long and dangerous train of evils. Constipation,
or alternately costiveness and diarrhoea, prevails.
Feverish symptoms, languor, low spirits, weariness,
restlessness, and melancholy, sometimes inabil-
ity to sleep, and sometimes great drowsiness;
sometimes there is severe pain in the side; the skin
and the white of the eyes become a greenish yellow;
the stomach aches, the bowels are sore to the touch;
the whole system irritable, with a tendency to fever,
which may turn to bilious fever, bilious
